WORK EXPERIENCE

FullStack JS/React Developer - QBank DAM
2022
I am a part of a team developing and managing the web part of customers' Media Portals. Most days are different from others and there's always new challenges and tasks that I need to solve with tools and techniques of my choosing. Use of appropriate tools to interpret and support the creatives, design, UX/UI and prototyping process - we primarily use Figma. Create UI design for new Media Portals using Figma.
Technologies: React.js, React Hooks, React Router v6, React Query, TypeScript, Radix UI/Stitches/MUI/Styled- Component, CSS3/Sass, Framer-Motion.
Tools: VSCode, Bitbucket, Jira/Zendesk, Figma, Postman

Languages
English – fluent
Swedish – basic
Serbian - native

FullStack JS Developer - DDSTHLM && Footway
2021 - 2022
I was a part of a small team developing and managing the web part of the Footway E-commerce platforms. Convert UI from Figma to React components. The work had varied, doing everything from setting up cloud resources to creating components for the front-end. The biggest project has been building and deploying a new backend for social interactions together with an associated moderation tool.
Technologies:React.js/Next.js,TypeScript,Context API,Apollo,GraphQL,Node.js,Express.js, MaterialUI, CSS3
Tools: *VSCode,Git/GitLab,AWS,Elastic,Jira,Figma*
